LinkedIn : shubham-nigam0001 | Leetcode : CodeBreaker-0001 | Hackerrank : Coder - shubham

EDUCATION

- B.Tech in Computer Science - Pranveer Singh Institute of Technology, Kanpur
Expected Graduation: 2027 | CGPA: 8.33/10

TECHNICAL SKILLS

- **Languages** : C++, Python, JavaScript
- **Web** : HTML, CSS, React.js, Node.js
- **Databases** : PostgreSQL, MongoDB, MySQL
- **Tools** : Git & GitHub, VSCode, Vercel
- **CS Fundamentals** : Data Structures & Algorithms, OOPs

PROJECTS

Personal Portfolio Website | Live | GitHub

- **Tech Stack**: HTML5, Tailwind CSS, JavaScript (ES6+), Vercel
- Developed a fully responsive, single page portfolio to showcase personal projects and skills, ensuring a seamless experience on all devices.
- Implemented dynamic on-scroll animations using the **IntersectionObserver API** in JavaScript to create an engaging and modern user interface.
- **Deployed on Vercel**, ensuring high availability and fast load times for a global audience.

LeetMetric | Live | GitHub

- **Tech Stack**: Next.js, React, Tailwind CSS, Chart.js, LeetCode API, Vercel.
- Built a dashboard to visualize LeetCode stats (solved problems, acceptance rates) using the LeetCode API.
- Created interactive data visualizations of user progress and skill distribution with Chart.js.
- Deployed on Vercel for high performance, scalability, and continuous delivery.

ACHIEVEMENTS AND CERTIFICATIONS

- Solved over **450+ DSA problems** across competitive programming platforms (**LeetCode: 260+, GeeksForGeeks: 190+**).
- C++ Programming Language - GeeksforGeeks
- Completed a comprehensive course on **C++ fundamentals, OOP, and data structures**. (Issued: August 2025)
